Dear PA Member:

The past year has been challenging for supporters of historic preservation in Owensboro-Daviess County. Both the Old Jail and Sutherland School have been demolished. Despite these meaningful loses to our community's historic resources, there have been encouraging signs.

Terry Woodward, a manifest preservationist, has renovated the exterior of the **Barret-Fisher Building** (left). The Mischel Monuments building is alive and well as Gallery 412. And, the Owensboro Historic Preservation Board has contracted with a consultant to perform a study that should lead to an expansion of the Old Owensboro Commercial Historic District on the National Register of Historic Places. Currently, the district runs along 2<sup>nd</sup> St. from St. Ann to J R Miller Blvd. It may expand to include most of the Downtown Core.

Your interest and support in historic preservation makes a difference. **Please renew your household membership for 2004**, and together we will move forward for continued success. Make sure to update your mailing and email information on the form below.

**Please return the form below with your \$20.00 CHECK made payable to...**

**Preservation Alliance  
319 Booth Avenue  
Owensboro, KY 42301**

Thank you for your continued support.

Board of Directors  
Preservation Alliance of Owensboro-Daviess County Inc
